Dear Apartment Residents,

As of today, we still have no COVID-19 confirmed or presumptive cases on our Living Care campus! As of this morning, the Yakima County Health Department is showing 224 cases in Yakima. We are so thankful that we still don't have any cases here. We are all working hard every day to work smart, work safe and keep it this way!

Thank you to all of you who have already notified us of the name and phone number of your approved caregivers, and asked them to check in daily at the business office. This is a great help to us. Please call us if you are unsure whether we have your caregiver information.

As always, we are here to support you and your families during this time. Don't ever hesitate to contact any of us in Resident Services with questions or concerns.
