

Living Care

RETIREMENT COMMUNITY

RETIREMENT APARTMENTS: LIVING COURT • LIVING VIEW • GABLE VIEW • VALLEY VIEW • SENIOR VIEW • COOK

April 9, 2020

Dear Apartment Residents,

As we go into this holiday weekend – Easter weekend – we are thankful to still be able to report no COVID-19 cases on the Living Care campus. At present, Yakima county is reporting 433 total cases and advising that our community has our worst weeks yet to come. I want to reassure you that Living Care staff are staying diligent in all of our practices to help keep this community virus free.

We are truly in this together and we appreciate all of your support, understanding and cooperation. I am thankful for the dedication and creativity of our Living Care staff as we work together to keep this campus, as well as our own personal homes and families, safe ... and who also help bring moments of joy into the long days.

For many of us, the Easter weekend is usually a time of reflection, celebration, big church services and large family gatherings. This year is going to be very different. I for one will be joining my church family via my computer at home as we celebrate with online services. I'll connect with my family with phone calls and video chats using my cell phone or tablet. Although our staff are considered "essential" and come to work every day to serve you and our community, outside of work we are all honoring the same "Stay Home – Stay Healthy" declaration that you are under.

We are in this together, and I can't think of any place I'd rather be right now. It's a privilege to serve you and this community in this season.

Thank you,

Eva Lounsbury
Director of Resident Services
