RETIREMENT COMMUNITY

RETIREMENT APARTMENTS: LIVING COURT • LIVING VIEW • GABLE VIEW • VALLEY VIEW • SENIOR VIEW • COOK

April 21, 2020

Dear Residents,

We are so very thankful to be able to report that our campus is still COVID-19 free! Many nursing homes and senior communities in Yakima have had cases of this terrible disease so we are so thankful that we still do not. However, we also know that the staff in these other communities have been working very hard to keep their residents safe, and the disease still made it in, so we have to stay diligent. We continue to be vigilant in our practices and procedures and appreciate your cooperation which helps keep all of us safe.

There is lots of talk right now in the media about how and when things will “open up” more. While any talk of opening up is exciting, we do want to caution and remind you that as a senior community, things may open more slowly for us than they will for the general public. Also, since we are a community connected with a nursing home and assisted living apartments, our restrictions may stay tighter longer than other retirement communities in our area. Please know that all decisions that we make are not only made by Living Care management, but we also must follow the direction of agencies like CMS, DSHS, CDC, DOH and others.

In the meantime, we continue to work VERY HARD to make sure you have everything you need, and to bring information, amusement and sparks of joy to each day. With our beautiful springtime weather these are great days to take a walk around our campus. We would only ask that you maintain at least six feet of distance between other people and that you not congregate in groups.

Thank you.
