

Living Care

RETIREMENT COMMUNITY

RETIREMENT APARTMENTS: LIVING COURT • LIVING VIEW • GABLE VIEW • VALLEY VIEW • SENIOR VIEW • COOK

April 27, 2020

Dear Residents,

I am happy to report that the Living Care campus is **still COVID-19 free!** We are so very thankful for this while so many other communities (especially nursing homes) in Yakima are valiantly fighting this disease. We are happy to read that people, even seniors, are recovering from this disease. However, not all are able to recover and each day that our campus is COVID free is a day we rejoice. We are thankful for all of your support and cooperation with our strict but necessary rules during this difficult time in our community and our world.

Gov. Inslee's "Stay Home – Stay Healthy" proclamation started on March 23rd. Today is day 36 of this order. I'm sure it feels like a lot longer than 36 days! There is still a lot of talk in the government and with health authorities about how long we will be under a Stay Home order, and the method and timeline of opening up. While we don't have any firm answers at this time on how and when things will loosen up on our campus, we are committed to safety first and continuing to work hard to help ensure all of you have what you need.

If you haven't yet, please check out the "Bored Boards" (your bulletin boards) where Jennifer is putting new activities each week. Given what is been left behind, we don't think you have all discovered this yet. There are also pictures of crafts on the Bored Boards that we have purchased to provide to you as an activity you can do in your apartment. If you are interested in any pictured craft, contact Resident Services so we can deliver the supplies to you.

As always, feel free to call us at any time with any question. We are trying to reach out to every one of you about once a week just to check in. Please enjoy the beautiful weather and walking on the Pioneer Pathway, but please continue to do so in compliance with social distancing (at least 6 feet in between each person). Also, kindly remember that no visitors are allowed on the campus except to drop off supplies at the entrance to our buildings. An exception to this is medically necessary caregivers that are pre-approved through Resident Services and are screened daily prior to entering a building. The whole campus, including the pathway and all outside areas remain closed to visitors for all of our safety. We have had and do have some upcoming campus moves (move in, move out) and are doing these with extreme caution and care. We are privileged to serve you during this difficult time.

Thank you.

Eva Lounsbury

Director of Resident Services
