May 22, 2020

Dear Residents,

This Memorial Day weekend will be very different for many of us than our usual Memorial Day weekend festivities. For those of us who represent or serve the high risk community related to COVID-19, we won't be enjoying the big family BBQ or camp-outs that we would normally enjoy this weekend. We won't be joining the crowds at cemeteries to place flowers. Nevertheless, we will still honor, remember and reflect on the powerful meaning of this weekend and our gratitude to the many men and women who served and died in service to our country.

For those of you who are veterans, and those who are or were married to veterans, we thank you for your many sacrifices, and those of your families, in service to our country.

Our state has only just begun to loosen restrictions and our county is still hard hit by the Coronavirus. As such, our campus restrictions remain in place to continue to keep our campus COVID free. The reality is, we really don't know how long this is going to go on. We all ache for connection with our families. We all are missing hugs. We all want this to end. I do want to encourage you that we are actively working on plans to try to create a way to safely visit with family on campus. We have some work to do still in order to develop and implement this plan, but we hope to have something available soon.

Thank you for the privilege of serving you. It is a distinct honor and privilege. Whether you are a veteran or not, you are a generation that helped set the foundation for the country and the freedoms that we all enjoy now. For this, we are grateful.

Sincerely,

Eva Lounsbury
