June 29, 2020

Dear Residents,

I have some unfortunate news to share with you all today. This weekend, we had two Healthcare Center residents test positive for the Coronavirus. Neither of these residents were showing any symptoms of the virus. We have been mandated by the Department of Health to do routine testing of all Healthcare Center residents and staff. On the 3<sup>rd</sup> mandated round of testing, these two asymptomatic residents tested positive. The source of the virus, or the means of exposure, for these two residents is unknown. This unfortunately just confirms to us how insidious this virus is. Even in a heavily restricted environment, such as our Healthcare Center, it found a way in. Thankfully, we still do not have any known cases of COVID in our Hillcrest at Summitview Assisted Living or in our Independent Apartments.

Due to these positive cases, all Healthcare Center residents and staff are being tested again today and we should have results back by the end of the week.

In light of this news, we are cancelling all small group activities for this week. This includes the scenic drives on the bus, chaplain devotionals and fitness classes. We will revisit starting these back up later in the week as we have time to get test results back and decide the most prudent way to move forward.

We are not cancelling Chatter Box visits or the salon visits at this time. However, I do want to remind you to come directly to the Resident Services office to check in for both of these appointments. Please plan to arrive at the Resident Services office just about 10 minutes prior to your scheduled time. Staff will then escort you to your appointment once these areas are sanitized and ready for you. The courtesy car will also continue operate for medical visits.

Thank you for your continued cooperation as all staff work diligently to contain this virus and prevent it's spread.

Thank you,  
Eva Lounsbury  
Resident Services Director
