

Activity Announcement

As we move forward with loosening some of our campus restrictions as they relate to group activities, we will **no longer** require residents participating in activities to fill out an Activity Participation Questionnaire prior to participation.

Out of respect for all residents, we will need your cooperation in order to maintain a safe environment for all participants.

Masks and social distancing will be required for all activities.

If you have not previously signed up to attend any of the below-mentioned activities, you will need to sign up. Please do not delay!

Make your reservation as soon as possible! Jennifer 965-5278

We are continuing to offer the following activities:

Chaplain's Devotionals

Drive Outings (resumed August 3rd)

Beginning the week of August 10th

Living Care Grocery Bus - sign up to ride the bus to Wray's IGA on 72nd Ave.

Alternating stores will be added at a later date.

Beginning the week of August 17th

Fitness Classes resume

Fitness groups have been established (maximum of 5 residents) per building, utilizing the information from the Functional Fitness tests.

If you are interested in Fitness Classes, we will offer another screening in August.

If you were previously screened you do not need to do it again!

If you signed up previously for any of the above activities you received a "Personal Activity Plan" of your scheduled days and times. As we add additional activities some of the days and times may change and you will be provided with a new "Personal Activity Plan".

We look forward to serving you again!
