Dear Residents,

I hope you enjoyed our Luau's on Wednesday and Thursday! I know that I wanted to just close my eyes, listen to the music and pretend I was on a beach in Hawaii! We all miss the large resident events that normally would take place on our campus throughout the year. We are working hard to carefully and safely provide fun activities and events for you, and will continue to do so.

On Monday, you will be receiving some information outlining the timeline and some guidelines for starting to allow limited visitors onto our campus. Please watch for this letter on Monday. Please also remember that while visits on our campus will still be limited, you are welcome at the discretion of and after careful consideration by you and your family, to visit with loved ones off campus, such as in family member's back yard or at a park. Health authorities still encourage visiting to take place outdoors with social distancing to limit potential exposure risk to the Coronavirus.

### Activities Update:

- For the time being, RSVP will be required for all activities such as grocery shopping, chaplain's devotionals, scenic drives, fitness classes, etc. This is due to social distancing and sanitation protocols that we must carefully follow and limits on the # of resident we can have involved in these activities at any one time.
- Please do not arrive early for your scheduled activities. We have a limited amount of time in between scheduled activities for the previous group to disperse and for sanitation protocols to take place. If you happen to arrive a little early for any activity or appointment, please enjoy the nice weather in our outdoor seating areas and then proceed to your activity area at your scheduled start time.

Thank you,

Eva Lounsbury
