RETIREMENT COMMUNITY

RETIREMENT APARTMENTS: LIVING COURT • LIVING VIEW • GABLE VIEW • VALLEY VIEW • SENIOR VIEW • COOK

Nov. 12, 2020

Dear Residents,

I have some unfortunate news to share with you today. We learned this morning that a resident in our Gable View building has tested positive for COVID-19. As you know, we cannot share personal information about this individual. However, because of this new exposure in our Independent Apartments, we need to work together to take quick and careful actions to prevent any further spread in our apartments.

2 Timothy 1:7 says, “For God has not given us a spirit of fear, but of power and of love and of a sound mind.” Let’s not be fearful, but let’s work together to prevent this from spreading through our Independent Apartments.

Given this new confirmed case, we are strongly encouraging all Gable View residents, or other residents who routinely visit the Gable View building or visit with Gable View residents, to self-quarantine as much as possible for the next 14 days and use great care when you do leave your apartment for such things as doing laundry or picking up your mail.

- Please wear your mask properly whenever you are outside of your apartment (covering mouth and nose completely).
- Please wash your hands and use hand sanitizer frequently, every time you return to your apartment. Avoid touching your mouth and eyes as much as possible.
- Please use extra care with any person you allow into your apartment and remember that non-residents and caregivers are not allowed to linger, visit in or utilize any common spaces in our apartment buildings, **including laundry rooms**.
- If you have any symptoms – which can include things like sore throat, loss of taste, fever or cough, please contact your doctor’s office immediately to inquire about being tested and remain in your apartment until you can be seen by a medical professional.

Given that we know that residents visit with each other in different buildings, we are **cancelling all in person dining campus wide**, and closing the hair salons, effective immediately, until we know if this has spread to others.

We will keep you posted with any changes as best as we can without sharing personal medical information. Thank you for helping us in this regard.

Sincerely,

Eva Lounsbury
Resident Services Director
